BACHELOR'S DEGREE

SPANISH
The Nîmes LLCER program gives students advanced knowledge of the Language, Literature and Civilizations of Spanish-speaking countries.

INTRODUCTION

Language skills: literary Spanish, designed for the world of teaching, research and culture, as well as specialized Spanish for corporate environments.

- Expertise in translation, both literary and specialized, with development in specialized modules.
- Advanced knowledge and understanding of literature, the arts and civilizations in the Spanish-speaking world and the world in general thanks to minor and optional courses.
- Ability to analyse a literary or historic work in Spanish.

The degree is designed to offer access to other courses offered by the University of Nîmes (other LLCER programs and Applied Modern Literature). This makes changing courses easier and means that the course covers a wide range of general knowledge to increase students’ job prospects. Emphasis is placed on pre-professionalization from the first year through talks from professionals working in the target professions. The aim is to teach students about the real employment prospects open to them after the degree.
